### NETWORKING RECEPTION 5:30 – 7:30 PM

Agenda subject to change.
DAY 1 CONFERENCE SESSION DESCRIPTIONS

Training Updates from the FMSA Alliances and FDA
Representatives of the FSPCA Implementation Subcommittee will present updates on the FSPCA training efforts for Preventive Controls (PC) for Human Foods, PC for Animal Food; Foreign Supplier Verification Programs (FSVP), and Intentional Adulteration courses. In addition, there will be an update from the Produce Safety Alliance (PSA) and Sprout Safety Alliance (SSA). Since 2016, PSA trainers have trained over 36,000 growers, helping them understand expectations in the FSMA Produce Safety Rule and satisfy training requirements outlined in 112.22(c). The SSA is focused on training and outreach programs development for the sprout industry to implement FSMA Produce Safety Rule and best practices. FDA will also provide a training update on FDA’s food safety staff trained in Human and Animal Food CGMP and PC Regulators courses as well as the FSVP Regulators course.

FDA Perspectives on FSMA Implementation and Inspections
Representatives of the FDA will review the status of FSMA implementation, including an update on the inspctional findings and approach related to the FSMA rules.

How to Develop an FSVP using FSPCA Work Aids
The FDA rule for Foreign Supplier Verification Programs is very flexible allowing for many different types of records to be acceptable, however this sometimes makes it harder to develop a compliant program. Lead instructors will learn how to incorporate into training courses and attendees will learn about tools to help with program development and regulatory compliance.

Networking Reception
A networking reception will be an opportunity to enjoy food and drink with your colleagues and network among FSPCA stakeholders.

DAY 2 CONFERENCE AGENDA

Keynote

FSPCA Instructor Resource Portals
The FSPCA Lead Instructor Resource Portals located at https://LMS.IFPTI.org provide excellent training resource materials for Preventive Controls Human Food and Animal Food, Foreign Supplier Verification Programs, and Intentional Adulteration Vulnerability Assessment Lead Instructors. This special session will review the new and revised course materials available in the portals including course slides, manuals, videos, optional modules, fillable forms, and course agendas and evaluation templates to be used to deliver the highest quality participant courses. FSPCA Lead Instructors, please join us for this session to find out what’s new!

AFDO Course Registration Update
The Association of Food and Drug Official will present an update on the FSPCA’s Participant Course registration and delivery requirements. FSPCA lead instructors will benefit from attending this session to learn more about course registration requirements such as minimum contact hours for each curriculum, minimum course registration deadlines, translation requirements, and clarification on course modifications including virtual course criteria.

Pros and Cons of Online vs In-Person Courses

Ask an Expert (during Lunch Break)
The Ask an Expert breakout room topics are Foreign Supplier Verification Programs (FSVP), Preventive Controls for Animal Food (PCAF), Intentional Adulteration (IA), PC Human Food Inspection Implementation and PC Guidance Materials. The sessions will be in an open Question & Answer format. Find the location of specific breakout rooms on the Conference Map in your Conference folder.

International Interagency Panel - Building Training Capacity Worldwide
Global perspectives on food safety from various inter-agency leaders within the food industry. Discussion of the impact the Food Safety Modernization Act has had on various countries and agencies inside and outside the United States. This panel discussion will include an overview of the FSPCA training efforts initiated by the U.S. Food and Drug Administration, the U.S. Department of Agriculture's Foreign Agricultural Service, and the Inter-American Institute for Cooperation on Agriculture.

Ask an Expert Report Out
A summary report of key take-aways and discussions from the Ask an Expert sessions.
